

10th Annual Greater Hazleton Festival of Races - 2018

Once again we will be featuring "Three Best Times" for our 10th Annual Greater Hazleton Festival of Races.

Runners of all age divisions can compete and choose to run races of their choice, whether 5k, 10k, or 13.1 mile they will be scored the same.

Run as many races you like, we will apply your three best times based on calculations derived from MarathonGuide.com.

For 10k and 13.1 your time will be halved and then decreased by 4%. For the 8 mile race in our series, tie will be divided by 2.58 (equating to a 5k) then decreased by 5%. Scoring is based upon the winner's time so each race is dependent upon winners performance and points accrue from zero. Your score

represents amount of seconds you were behind the first place finisher.

Our new age group awards allow runners of all ages to compete against fellow competitors in 10 year age groups with trophies presented to the winners and 1st through 6th mentalists. Age group will be defined by the age of your first race in the event we span an entire year of racing.
