In Memory of Jakey Dec 18, 2002 – Aug 22, 2017

Shortly after we volunteered to help with the GUR's to bring new greyhounds up from Florida we were asked to pick up one boy late one night down in Harrisburg. We went down and met the previous driver at a McDonald's about midnight. It was too late to take him to his fosters, the Ewings, so we kept him overnight. The next morning I told Kim that if we ever got a second greyhound I wanted it to have the same personality as M's Wildfire. After two bounces Wildfire came back to the group. We brought him home to see how he would be with Zoe and he fit right in.

I noticed he walked with a distinctive sway that reminded me of a farmer so he was called Jakey. He was our bug chaser. He helped us with over 80 fosters over the 10 and a half years he was with us and also helped with the scores of greyhounds that stopped here on their way to their foster homes. Jakey and I would have conversations as we were watching TV. He would start and I would answer, some of them quite lengthy.

During a short walk to the mailbox he fell. We took him to the emergency vet where it was determined he had a spiral fracture of the left front leg due to osteosarcoma. We had to make the difficult decision to help him to the rainbow bridge where I'm sure he was met by his friends Zoe, Sassy and Maria.

Run Free Buddy.
